Subject: Your e-mail to RCEP

Dear Professor Banatvala,

Thank you for your e-mail of 19th March, sent to my office at the RCEP, about Stansted. I am sorry to have been slow to reply, but I was on holiday in Cornwall when it arrived.

I confirm that you can quote me as summarised in your letter.

By the way, I double checked with Professor Stephen Holgate – a medic on the RCEP – and he totally agrees that ignoring climate change from the HIA is indeed ‘bonkers’

I hope that helps

John Lawton
